The System of Museums in the province of Lecco

Thirty museums on the territory of the province of Lecco offer to provide a new exciting opportunity to all-aged people, students, art and culture lovers and tourists.

Thanks to the SIstema Museale della provincia di Lecco (Network of the Museums of the province of Lecco), founded on March 31st 2008, it is now easier to discover and know the rich and different cultural heritage guarded in the museums and collections throughout the territory. In December 2009 Regione Lombardia recognized the Sistema Museale della provincia di Lecco as "local museum network" with base in the offices of the Culture Service, Cultural Heritage, Identity and Traditions of Provincia di Lecco.

The Network has **the purpose** of coordinating functions and actions to promote the museums, their treasures and the collections of the Lecco area in order to improve and increase the quality and the variety of services offered to citizens. The Network also promotes the interchange of data, information and equipment between the Authorities taking part in the project, therefore to promote the training and updating of professional people in the different areas of the museums.

Local, public or private authorities that have museums or collections **can join the Network**.
